

PAX A920 Pro Duo

The Next Generation of Mobile Commerce.

The A920Pro Duo isn't just a payment terminal—it's a mobile business tool. It speeds up checkout, gives customers a dedicated display for a better payment experience, and helps merchants run more of their business from one smart device.

Cash Discounting, Dual Pricing, Surcharge.

Every Payment, Every Method, Ready
 The Duo supports chip, mag stripe, and contactless (NFC).

Smart Payments.

Smarter Conversations.

The A920 Pro Duo has upgraded performance and a larger display. It brings together trusted A920 DNA with next-generation capabilities to support retail, hospitality, food trucks, and mobile/delivery services.

Fast Processor - Quicker Checkout
