

PAX Q25

COMPACT DESIGN, BIG IMPACT

The PAX Q25 is a sleek, space-saving PIN pad that delivers powerful performance in a compact footprint. Its modern design and vibrant touchscreen make it a stylish addition to any checkout counter, enhancing both aesthetics and functionality.

ALL PAYMENTS, ONE DEVICE

The Q25 supports every major payment method including chip, tap, swipe, and contactless. Its ultra-fast processing and seamless A80 or POS integration ensure smooth, secure transactions that keep your lines moving.

BUILT FOR RETAIL AGILITY

With plug-and-play connectivity and remote device management, it's designed to scale with your business and simplify your operations.
